

A TekFive and HSG  
SDVO SB Joint Venture

INTEGRATED HEALTH &  
TECHNOLOGY SOLUTIONS

## TekH Partners LLC

Where **Mission Health** Meets **Mission Technology**

TekH Partners is an SBA Mentor-Protégé Joint Venture that unites clinical and public-health expertise with secure software, cloud architecture, and applied AI.

The result is faster, smarter, and more resilient delivery of health IT modernization and digital compliance for federal and commercial health enterprises that cannot afford to get readiness, compliance, or data integrity wrong.

A veteran-owned, SDVOSB and 8(a)-certified technology company.

DevSecOps, software development, MLOps, cybersecurity, and cloud architecture for NASA, the Department of Veterans Affairs, and the U.S. Air Force.

A woman-owned, award-winning environmental, occupational health, and safety firm established in 2008.

NASA's leading environmental services firm nationwide and supports the Department of the Interior, EPA, U.S. Space Force, U.S. Forest Service, delivering environmental compliance, occupational health and medicine, and emergency planning and response with a 50-state reach.
